## School Overview

We are a small school of 56 students, tucked away at the southern end of Rockhampton. Our school has all the best qualities of a small country school, we are a close-knit community where all of our students and their individual needs are well known. On the other hand we offer the convenience of a city school, we are just 5kms to the heart of Rockhampton or 2km from the Yeppen roundabout.

At Port Curtis Road State School, we ensure that all students achieve beyond belief through an encouraging, empowering and supportive environment. Success is underpinned by our values of Play the Game, Commitment and Respect – every child matters every day.

A copy of this report is available at the school office if you require.

Student counts are based on the Census (August) enrolment collection.

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

In 2016, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<http://deta.qld.gov.au/earlychildhood/families/pre-prep-indigenous.html>).

## Characteristics of the Student Body

### Overview

We are located on the outskirts of Rockhampton and our student population is geographically diverse with families from both Northside and Southside of Rockhampton, Gracemere and rural locations. This diversity has made our school rich in valuing partnerships. Our school has three multi-aged classes. A large percentage of our students travel past other schools to attend Port Curtis Road State School.

### Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2014	2015*	2016
Prep – Year 3	19	24	17
Year 4 – Year 7	19	10	21

\*From 2015, data for all state high schools include Year 7 students. Prior to 2015, only state high schools offering Year 7 had these students included in their counts.

### How Information and Communication Technologies are used to Assist Learning

Our aim is to achieve the best possible educational outcomes for every student at Port Curtis Road State School by enabling improved learning through the integration of Information Communication Technologies (ICT's) into the curriculum and by providing support structures to ensure that the equipment is well maintained and teachers are supported in using ICTs in classrooms.

Computers and other Information Communication Technologies are viewed as valuable tools that engender interest, enthusiasm, and a willingness to explore new ways of learning as well as giving students valuable skills and knowledge necessary to be involved in our technologically connected world.

ICTs are used in many interesting and exciting ways at Port Curtis Road and students may be involved in many of the activities listed below:

- Subscriptions to Reading Eggs and Mathletics
- Every child has an XO Laptop and it is used daily
- I pads - enhance and support identified students.
- Presentation of assessment items electronically
- Researching a topic of interest using the internet.
- Designing and publishing brochures about a particular topic.
- Developing and presenting a PowerPoint presentation for a variety of purposes.
- Writing using a word processor including editing, proofreading, etc. and publishing their work to share with others.
- Evaluating and deconstructing existing web pages, computer games, writings, advertising, etc. to see how they are put together with a view to improving their own work in these areas.
- Using drawing software to create drawings and illustrations.
- Learning spelling strategies using adventure spelling games.
- Using digital cameras to take photographs, and then downloading and manipulating the digital images.
- Using various digital resources eg Learning Objects to extend their understandings and knowledge

## Social Climate

### Overview

A very positive proactive approach to managing student behaviour has been implemented using our Responsible Behaviour Plan. At Port Curtis Road our school values are:

Play the Game

Commitment

Respect

A positive, safe and supportive environment is evident and proactive behaviour awards include our 5 tiered award system which acknowledges and celebrates successes with students on gold being rewarded with a mystery tour once a semester. Students on gold and silver at the end of each term are rewarded and each week we promote and reward students for the following:

- Gotcha Award – Students caught doing the right thing are rewarded
- Bookwork Awards – Students with excellent presentation skills and bookwork are rewarded
- Principal Award – Students who strive to do their best in all areas

Anti-bullying initiatives are specifically addressed on a regular basis and positive school relationships are actively encouraged by staff.

## Parent and community engagement

Port Curtis Road State School has always had a strong sense of community. Parents and caregivers are encouraged to be actively involved with their children's learning and within the school community.

We believe:

- Adults in the wider community have skills and talents which can contribute to and enhance the nature of the learning experiences of children.
- The school should actively seek a positive relationship with each child's family group.
- Children's learning is facilitated when the influences of the home and school are in harmony.
- Parents have a right to know what happens to their children at school.
- Schools have a responsibility to provide opportunities for parents to be informed of school happenings. Below are some of the ways that parents, caregivers, grandparents, aunts, uncles, can be actively involved at Port Curtis Road:
- Parents and Citizens' Association
- Participating in Parent Forums
- School Banking
- School Working Bees
- Classroom Volunteers
- Tuckshop Volunteers
- Library Helpers

The school actively engages with the local community in a variety of ways:

- Anzac Day ceremony includes the local RSL and Women's Auxiliary Group
- Local Businesses support the school and attend Sports Day, Concerts, Annual Christmas Fair
- Adopt a cop – parades, class visits, school events
- We have formed links with the Umbrella Network, Careers Qld, Centacare and Red Cross
- A strong partnership exists between the school and Hastings Deering

Students with special needs are catered for through a range of different strategies and resources. Every child has their own unique needs and through a consultation process with parents and various agencies we aim to cater to their needs.

## Respectful relationships programs

The school has developed and implemented a program or programs that focus on appropriate, respectful and healthy relationships. This has been covered through the Health and Physical Education.

## School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	8	0	10
Long Suspensions – 6 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

\* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

\*\*From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

## Environmental Footprint

### Reducing the school's environmental footprint

Data is sourced from school's annual utilities return and is reliant on the accuracy of these returns.

- Separate Bin System**  
 At Port Curtis Road we have initiated a separate bin program which contains three different types of bins: general, compost and recycling.
- Green Team**  
 We also have introduced a Green Team. This team of students makes sure that the right rubbish is going into the right bins. It is their job to empty the recycling and compost bins into the correct areas. They also make sure that our energy, electricity and water is being used responsibly and make announcements to remind everyone.
- Recycling**  
 Each class has their very own paper recycling bin.
- Food Waste**  
 Port Curtis Road has a system of collecting our fruit and vegetable scraps and taken to a farm for supplementary chicken feed.
- Solar Panels**  
 Our school has installed solar panels on the roof of some classrooms. These panels help generate electricity which is used by the school. The solar panels are helping us reduce the amount of electricity we use and reach our target of being more sustainable.
- Switch off campaign**  
 We have a switch off campaign where we turn off any electrical appliances not currently in use. These include lights, air conditioners, computers and monitors. There are signs to remind us around all of our light switches.

### Environmental

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	30,089	779
2014-2015	24,859	116
2015-2016	21,103	2,893

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

2016	93%	96%	93%	97%	44%	93%	94%						

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

### Student Attendance Distribution

The proportions of students by attendance range:

### Description of how non-attendance is managed by the school

Non-attendance is managed in state schools in line with the DET procedures, *Managing Student Absences and Enforcing Enrolment and Attendance at State Schools* and *Roll Marking in State Schools*, which outline processes for managing and recording student attendance and absenteeism.

It is the responsibility of parents and carers to ensure that their children attend school each and every day. Class rolls are marked twice daily (9.15am and 2pm) and the rolls are monitored by Administration staff. Parents are encouraged to notify the school office if their child will be absent from school. This can be done by a phone call, text, email or letter. The school monitors student absences, with parents and carers being contacted in the event of regular and/or unexplained absences. Each week a letter will go home from the school asking parents to provide a reason for their child's absence. If necessary, the school may send home a letter detailing parental responsibility for a child's regular attendance at school and request a meeting with parents.
